Islander Hikers Choose Name an Ask Chicago Organisation For Charter.

Hikers of Rock Island, who met Saturday night at the site of the old Sac council ground, west of the Watch Tower power dam, decided to petition the Prairie club of Chi-

The metropolitan club is of sev eral years' standing, with a mem-bership of nearly a thousand, and their aims are identical with those of the local organization, having hikes to places of beauty and o historic interest, and, as an annual event, a longer trip, such as the isit to Yellowstone park. Doubtless, our affiliation with them will result in an excharge of visits, the Chicago folks coming to the tri-cities for a hike and the local club returning the visit.
